

Earthquake Information No.:1

Date Issued: March 09, 2023

Time Issued: 11:50 PM

Date and Time	09 March 2023 – 12:42 PM
Location	60 km from Laak, Davao De Oro
Magnitude	1.7
Reported Intensity	Intensity II – New Bataan, Davao De Oro

The figure above shows the recorded earthquake from Laak, Davao De Oro Seismic Station (Station Code: LCVP) on March 09, 2023 12:42 PM. However, the number of available stations that recorded this earthquake is not enough to locate and determine its parameters at the moment.

Based on the difference of the arrival times of the primary and secondary waves, the approximate hypocentral distance of the earthquake is 60.00 kilometers from LCVP. This is associated with the ongoing series of earthquake events in Davao De Oro.

This event is reportedly felt in New Bataan, Davao De Oro at Intensity II using the PHIVOLCS Earthquake Intensity Scale.

This will be the only bulletin issued unless additional information becomes available. Always refer to the latest earthquake information posted at the PHIVOLCS official website (<https://www.phivolcs.dost.gov.ph>).
